

F SERIES · LARGE FORMAT UV PRINTER

YOWILL F2513 Max Large Format UV Flatbed Printer

An industrial large format UV flatbed printer for signage, decorative panels, industrial boards, packaging samples and custom production. With a 250 × 130 cm print area and CMYK + white + varnish output, it prints directly on acrylic, glass, metal, wood, PVC, ceramic and more.

250 × 130 cm Print Area

4-Printhead Output

CMYK + White + Varnish

Large Format Platform

Key Features

Large Format Production

Ideal for signage boards, decorative panels, packaging samples, furniture panels and oversized products.

Four-Printhead Productivity

Four Epson TX800 printheads balance productivity, color detail and daily order delivery.

Color + White + Varnish

Supports base white, full color, spot varnish and raised effects for higher product value.

Wide Industry Application

For advertising, decoration, packaging, gifts, crafts and industrial panel printing.
