

F SERIES · PROFESSIONAL UV PRINTER

# YOWILL F6040 Pro UV Flatbed Printer

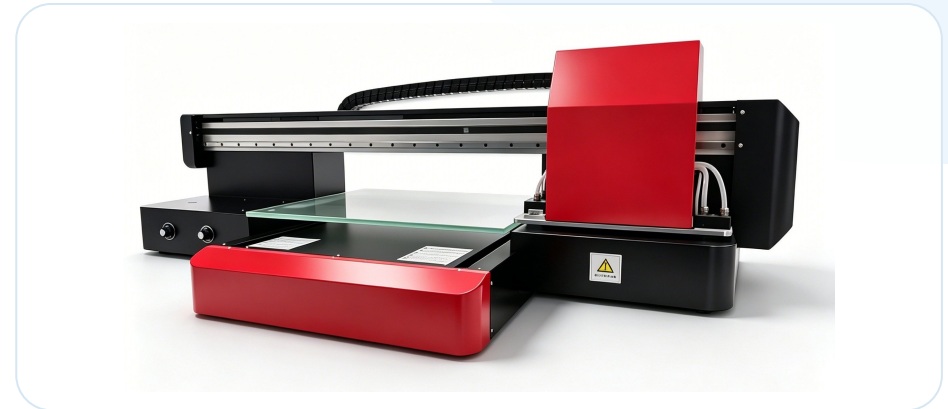

A professional UV flatbed printer for signage, gift customization, packaging samples, crafts and small-batch production. With a 60 × 40 cm print area and three-printhead configuration, it prints directly on acrylic, glass, metal, wood, PVC and leather with CMYK + white + varnish output.

60 × 40 cm Print Area

CMYK + White + Varnish

3 Printheads

Instant LED UV Curing

## Key Features

### 3-Printhead Productivity

Three Epson TX800 printheads increase production efficiency for commercial and small-batch orders.

### Color + White + Varnish

CMYK, white ink and varnish output support transparent bases, spot gloss and raised effects.

### Direct-to-Material Printing

No plate making required. Print directly on acrylic, glass, metal, wood, PVC, ceramic and leather.

### Stable Industrial Structure

UV-LED curing, unidirectional/bidirectional printing and a stable structure support consistent daily production.
